Courses for automotive electronics are highly specialized, in keeping with most certificate programs. Expect to take classes with titles like intro to automotive systems, repairing or servicing automotive electronics, and automotive engine diagnostics. Courses will involve both classroom work and hands-on experience in automotive centers.

Automotive Electronics Training Courses

The fourth phase is the customer's "use" phase, which is quite long for the auto industry. The create-make-market concept was something I learned while at Texas Instruments as it was heavily used in the 1970s and 1980s. I added the use-phase when I worked at IHS Markit.
