Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Where to Download iPhone Manuals for Every Model

Apple's iPhone 3GS, iPhone 4, iPhone 4s, and iPhone 5 were left out to pasture, effectively. This angered a lot of people at the time; millions of users were still using these phones, after all. But Apple had a vision of where it wanted to take iPhone (and iPad) and it required some initial pain and suffering to get on the road to realizing it.

Can You Still Use An iPhone 4? No, Not Really (Here's Why...)

The iPhone 4S is a great device for some, but what if you're thinking of upgrading from an iPhone 4? That's a tougher call. The phone is faster, to be sure, and has an amazing camera.

iPhone 4S review - The Verge

The iPhone 4S was upgraded in all of these areas, but it also included some exciting new features that had never before been seen in iPhone history. Perhaps the most exciting change was the introduction of Siri, Apple's voice-controlled assistant that is still in use today and that in many ways introduced the consumer world to the functionality of Artificial Intelligence.
