This course was produced using Reason 9.5. What is taught here is valid from version 7 up to version 11. The first section is to get beginners started: you will understand how Reason works, create your first devices, play and record your first notes, and apply your first effects. The second section is the core of the course.

Producing Music Made Simple with Propellerhead Reason | Udemy

Reason 2.5 is the most intuitive music composition software available, particularly due to the fact that it emulates music hardware rather than work like software. Those who are familiar with such hardware will recognize many of the tools: mixer, samplers, synths, drum machine, and effects devices. You can organize these devices on a virtual rack.
