Rules Regulations Edl

The electronic logging device (ELD) rule - congressionally mandated as a part of MAP-21 - is intended to help create a safer work environment for drivers, and make it easier and faster to accurately track, manage, and share records of duty status (RODS) data. An ELD synchronizes with a vehicle engine to automatically record driving time, for easier, more accurate hours of service (HOS) recording.

Electronic Logging Devices | FMCSA

The electronic logging device mandate, which is more commonly known as the ELD mandate, is the latest attempt by the FMCSA to improve road safety and minimize road accidents in the United States of America. The ELD mandate implementation deadline is December 18, 2017, for most commercial motor vehicles, and it is approaching fast.
