Scaffolding storage | Etsy

Folding scaffolding gives the height you need, but also folds like an accordion so it can be stored easily. Large construction jobs often require exterior scaffolding. Mason scaffolding is a common go-to scaffold for contractors because it's easy to set up and take down, and it's built for heavy-work.

Scaffolding - The Home Depot

The storage of your scaffolding equipment is primarily to protect it from the elements, which will ensure that it lasts longer. Find a storage area that is large enough to house all of the equipment together, providing space for large items (like planks and poles) as well as small parts (like screws and bolts).
