In 1990, the American Association of University Women conducted a ground-breaking poll that highlighted how, as young girls reach adolescence, their self-esteem plummets. The conclusion of the study (an investigation that involved over three thousand girls and boys between the ages of nine and fifteen and cut across ethnic and regional lines) was alarming: there is a crisis in this country ...

Something happens to girls on their journey to adulthood that deeply impacts their self-esteem. In fact, by high school, less than one third of girls feel confident and positive about themselves. This lack of self-esteem can have a direct impact on friendships, relationships and school performance.

## **Women's Guide to Health & Happiness | Accredited Schools ...**

In 1990, an American Association of American Women survey found that the self-esteem of young girls plummets during adolescence. A year later, journalist Peggy Orenstein was commissioned to do a follow-up study, which resulted in her new book, "Schoolgirls: Young Women, Self-Esteem, and the Confidence Gap." Orenstein talked to girls in two junior high schools, and examined some of the factors ...
