the State develops a theoretical framework to show who really governs the world economy. It goes on to explore some of the non-state authorities, from mafias to the Big Six accounting firms and international bureaucrats, whose power over who gets what in the world encroaches on that of national governments.

Not only governments, argues Susan Strange in The Retreat of the State. Big businesses, drug barons, insurers, accountants and international bureaucrats all encroach on the so-called sovereignty of the state. Professor Strange examines the implications of this rivalry and points to some new directions for research in internatio

The Retreat of the State follows logically from Rival States, Rival Firms (1991), in which Strange and John Stopford argued that competition for global market shares has replaced competition for territory. Territoriality is neither the sole source of political power and authority nor a critical factor determining the prosperity of national society.
