Women in the Life of the City aims to acknowledge the myriad ways women have shaped our culture and community. We have attempted to capture within this project the variety of ways in which women have contributed to the history of Melbourne.

Women in the life of the City - Victorian Women's Trust

"City of Women" is the story of a woman's awakening to her true self at a time and in a place where being true to yourself can get you killed. It's also a story of how to live an authentic life when every garment is threadbare, every meal is insufficient, every pleasure is furtive, every hope is repressed, every communication is propaganda, every good action is suspect.

It is 1943 - the height of the Second World War - and Berlin has essentially become a city of women. In this page-turning novel, David Gillham explores what happens to ordinary people thrust into extraordinary times, and how the choices they make can be the difference between life and death.

City of Women by David R. Gillham - Goodreads

Programming should be based on an understanding that men and women have different experiences of living and working in the city (some based on gender inequality) Programming should work to actively include women and girl in every step of the process and should make connections with women's organizations Programming should always focus on both women's and girl's actual safety and women's and ...

Safe Public Spaces for Women and Girls

From precolonial times to the early 21st century, the role and status of women in Nigeria have continuously evolved. However, the image of a helpless, oppressed, and marginalized group has undermined their proper study, and little recognition has been granted to the various integral functions that Nigerian women have performed throughout history.

The role of Nigerian women | Britannica

The idea for the City of Women was born in El Pozón, a poor, crowded and impoverished neighbourhood of Cartagena, far from the stunning colonial architecture that draws tourists from around the...

Colombia's City of Women: a haven from violence | Sibylla ...

Black women, more often than white women, needed to work to earn a living. Employers usually hired black men only for the lowest paying jobs in business, industry, and in private homes. So, black women worked to help support, feed, and clothe their families. Yet, like black men, black women were usually hired only for low-paying jobs.
