Writing your novel in First Person makes it easiest to limit yourself to that one perspective character, but Third-Person Limited is most popular for a reason. I'm often asked how other characters can be revealed or developed without switching to them as the perspective character. Read current popular fiction to see how the bestsellers do it.

The book under review, Writing Fiction, has exercises for writing at the end of each given chapter. A caution sign is given to be on the lookout for critics, because they are completely necessary to have reviewed the works after completion, or even partial completion. Because you, like the computer, cannot do everything.
